

Environment Professionals' Training and Research Institute

Announces

Training on 'Statistical Package for Social Sciences (SPSS)'

Date: February 26 - March 6, 2012 Time: 4 - 6 PM

Resource Persons:

Assoc. Prof. Dr. Vikash Raj Satyal, Tribhuvan University

Introduction:

SPSS training aims to enhance statistical analytical skills for those who want to use SPSS as platform software for management and analysis of vast array of data. It provides the skills needed to work with SPSS, including explanations and procedures for first time users in addition to topics for more advanced users. Along with numerous real time examples to practice SPSS, this training is intended to enhance professional skills applicable to real time situations of data compilation, analysis and effective presentation. In short, this training is designed to transfer knowledge responding user demands for qualitative and quantitative analysis in interdisciplinary areas of social and environmental research.

Content:

- | | |
|--|---|
| 1. Introduction to quantitative research methods | 5. Probability, hypothesis testing and statistical significance |
| 2. Understanding variables and levels of measurement | 6. Exploring relationships using correlation simple and multiple regression |
| 3. Introduction to SPSS | 7. Exploring differences |
| 4. Describing and exploring data | 8. Designing quantitative questionnaires |
| | 9. Data presentation in report |

Course Structure:

The course comprises of power point presentation, group work, video display, practical demonstration and exercises.

Target Participants: Graduates, Students, Early and Mid-Careers Professionals

Course Duration/Hours: 10 Days/20 hours

Total Number of Participants: 20

Training Fee: NPR 5,000/- (NPR 2,500/- for students)

Deadline for Application: February 24, 2012

Special Offer: FREE technical assistance for 3 months

Note:

1. Application forms are available on the website of EPTRI: www.eptri.com.np or can be requested through email at: eptri.nepal@gmail.com or info@eptri.com.np
2. Participants will receive handouts and tea/snacks during the training.
3. Participants will be provided additional service of technical assistance and guidance for three months after the completion of the training, FREE of cost.
4. Your participation will be confirmed after full payment, payment can be made at EPTRI office (Cash/Cheque) or at bank (Account Name: EPTRI, A/C No.: 4806017500019, NaBil Bank Ltd)

Output

- Develop confidence in analyzing and drawing conclusion from different type of data encountered in their researches through the power of SPSS.
- Excel in understanding data types, efficient compilation, appropriate analysis, and effective dissemination and enabling decision support.
